Dear Sir, You have in the library,
I believe, the Monetario Americano
by Roca of Buenos Ayres - with
this I am familiar - but have
you any other numismatic pub-
lication of this author, or do you
know of such? If not, possibly
you will inquire for me from the
librarian of the Hispanic Society -

Oblige yours sincerely

NEW YORK, 6 March 1908

My dear Sir:

Yesterday Mr. Pehrson handed me a card, addressed to you, that had just been received from the eminent physician and numismatist of Newport, Dr. Horatio Robinson Storer, in which he asked you to inquire of the Librarian of the Hispanic Society whether that Society had, or knew of, other works by Rosa of Buenos Aires than the Monetario Americano.

I have just written to Dr. Storer, expressing Mr. Huntington's regret that, in the pressure of other responsibilities, he should not have been able as yet to take steps towards even the arrangement, let alone the proper cataloguing, of his numismatic works, which are not yet a part of the general

library of the Hispanic Society. We can, therefore, give no satisfactory answer to your distinguished ~~and~~ honorary member, but I have assured him that we shall keep on record his request, and shall feel it a privilege to send him any information so soon as we shall ourselves have it.

Yours very sincerely,

W.R. Marten,
Librarian

My dear Mr. Belden:

Mr. Huntington gave me last night your letter of yesterday informing him that Mr. Adams wishes to know whether Mr. Huntington can attend a meeting of the Medal Committee to be held at the Building of the American Numismatic Society, at 2.30 P.M. on Saturday 20th. Mr Huntington says that he will be able to meet the Medal Committee at that time and place, if approved.

You ask Mr. Huntington to call up Mr. Adams and let him know. On behalf of Mr. Huntington I would ask you kindly to inform Mr. Adams. I on my part shall lay on Mr. Huntington's desk a memorandum reminding him of the engagement at 2.30 P.M. Saturday, February 20th, in your building.

Yours very truly,

NEW YORK, April 7, 1909

My dear Mr. Belden :

Mr. Huntington has received a request for the following :

Arms, if possible, with crest, supporters, etc.
of Bohemia, in or about 1575-1600
of Sicily , " " " " "
together with any badges you may be able to find.
The same for Naples in or about 1450-1500
" " " Milan " " " " " .

We have found some good material which our photographer is to take tomorrow morning. I am sure that Mr. Huntington would appreciate it highly, if you could find something else exactly to the purpose, which might also be photographed.

Yours very truly,

October 18, 1909.

Dr. W. R. Martin, Librarian,
Hispanic Society of America,
New York.

Dear Dr. Martin:

The medal, of which you handed me a rubbing, is described as follows:-

Obverse,- Undraped bust facing right, in an oval frame at the base, around which, GEORGE WASHINGTON BORN 1732 DIED 1799 and beneath, DAVIS BIRM. At the top, an eagle displayed, an olive branch in his right talon, and a bundle of three arrows in his left in his beak a ribbon inscribed E PLURIBUS UNUM; at each side twelve stars. In the field between the eagle and bust, FIRST IN WAR FIRST IN PEACE AND FIRST IN THE HEARTS OF HIS COUNTRYMEN, in four irregular lines.

Reverse,- The interior of a room, in which a woman is seated at a table writing, upon the table a globe, and at each side book cases, and to the left a harp; on the base of the design, DAVIS BIRM. In exergue, SCIENTIA MORES EMOLLIT.

The medal is of tin, two inches in diameter.

This medal was made in England, in the early part of the nineteenth century, by Joseph Davis, of Birmingham, a die sinker whose work extended from 1828 to about 1857.

I do not know for what purpose this medal was made, it is rather scarce, I presume if one was in a sale it might bring any where from 50 cents to $5.00, depending on the condition and on who happened to be bidding on it, I would be willing to give $2.50 for it, for this Society's collection, as I find we have not a specimen. I have not followed the sales for prices on this particular medal, so I can not say just when, or where, one has been sold, or give any prices actually paid.

Very sincerely yours

Director.

Bauman L. Belden, Esq., Recording Secretary
The American Numismatic Society

Dear Sir:

The representative of customs brokers who have done much in clearing objects, both for this Society and for yours, called yesterday, December 22nd, and asked me to communicate to your Society the following:

It is understood that, under the auspices of The American Numismatic Society, there is shortly to be held an exhibition of medallic art, to include, among other objects, some loaned and specially imported for temporary exhibition, and which are, or shortly will be, in the Custom-House. The wording of paragraph 714 of the Tariff Act of August 5, 1909, is such that the clearing of these objects will require a special ruling from the Secretary of the Treasury. The brokers request that The American Numismatic Society write an official letter to the Secretary of the Treasury, Washington, D. C., stating exactly the na-

ture and legal status of the Society, and the nature and date of the proposed exhibition, and asking him, as Secretary of the Treasury, to instruct the Collector of Customs at New York to accept bonds under paragraph 714 of the Tariff Act of August 5,1909.

It gives me pleasure, as part of the interchange of courtesies between our Societies, to communicate the above.

Yours very sincerely,

W.R.Martin

My dear Dr. Martin:-

Very thanks for the clipping from the Hartford Times regarding the will of Mr. J. Coolidge Hills, also for your card which came a few days ago. It would be a great ~~deal~~ of satisfaction to us if the Wadsworth Athenaeum of Hartford should decide not to exhibit Mr. Hills collection, but I do not think such a thing is at all likely as the collection in its way is a very fine one, and We would be glad enough to have it here.

I trust that your health still continues to improve. We are certainly banking upon having you around before our exhibition, and our exhibition, by the way, is going to be a good one.

Mr. Huntington has arrived some little time ago. I guess he is pretty busy as I have not seen him yet.

With kindest regards, believe me,

Very sincerely yours,

December 1st, 1913.

Dr. W. R. Martin,
Cromwell Sanitarium,
Cromwell, Conn.

My dear Dr. Martin:-

Many thanks for the article from the Hartford Times of November 25th on the J. Coolidge Hills collection. I know this collection very well as I have gone over it with Mr. Hills a number of times, and I notice that some of the most interesting things in the collection are not mentioned at all. This is a great collection, and I suppose that the Wadsworth Athenaeum will take it very gladly. I know there would not be much hesitation on our part should we have the chance.

Things are going along nicely here, and we are hard at work getting ready for our exhibition. We have had quite a few things given to us lately, as you will see by the report in the December Numismatist, which I presume will be out in a day or two. I suppose your copy will be forwarded to you. If not, let me know, and I will see that you will get one.

Hoping to see you very soon indeed, I am,

Very sincerely yours,

I venture to anticipate Mr. Huntington's approval in sending to you with his compliments what will doubtless be a valued extra copy of the catalogue of the Schulman sale at Amsterdam in February.

Yours very truly,
